PROJECT DESCRIPTION

The project proposes a Coastal Development Permit to authorize the construction of a new detached 990 square foot, two-bedroom accessory dwelling unit (ADU).

June 20, 2024

PROJECT ANALYSIS***Municipal Code Analysis***

The project site is located with the R-3 Zone, Special Study Overlay Zone, Scenic/Visual Corridor Overlay Zone, and within the Coastal Overlay Zone. The proposed ADU complies with all relevant sections of EMC 30.48.040.T zoning and development standards of the Encinitas Municipal Code.

Local Coastal Program Consistency

The project site is located in the Coastal Overlay Zone. The project requires a Coastal Development Permit pursuant to Encinitas Municipal Code Section 30.48.040.T.21. (Accessory Dwelling Units, general – Applications). Pursuant to this code section, ADUs that are not completely contained in the existing primary structure, or include increases in habitable area, or include conversion of non-habitable space, are considered self-contained residential units, and require a coastal development permit. The project complies with the Local Coastal Program, including all goals and policies of the General Plan and all applicable development standards.

Public Notice and Citizen Participation

The Notice of Pending Action on the Coastal Development Permit was mailed on June 6th, 2024, to all property owners and occupants within 500 feet of the project site and to anyone who requested such notice in writing, in compliance with Encinitas Municipal Code Sections 30.01.070 (Noticed Public Hearings) and 30.80.080 (Coastal Development Permits). Additionally, as a courtesy, the notice was posted at City Hall and on the Development Services Department's Internet site under "Public Notices."

ENVIRONMENTAL CONSIDERATIONS

Pursuant to the California Environmental Quality Act (CEQA) Guidelines, Section 15303 (a) – Class 3 - (New Construction or Conversion of Small Structures) exempts the construction of secondary (accessory) dwelling units in a residential zone from environmental review. The project is consistent with this exemption, as it proposes the construction of an accessory dwelling unit within a residential zone. The project does not qualify as one of the exceptions prescribed under Section 15300.2 of the CEQA Guidelines and no historic resources are affected by the proposed project.

FINDINGS

Based on the findings for a Coastal Development Permit as per Encinitas Municipal Code Section 30.80.090 and the aforementioned analysis, the Development Services Department has made the following findings to support the approval, with conditions:

Findings for Coastal Development Permit	Explanation of Finding
1. The project is consistent with the certified Local Coastal Program of the City of Encinitas; and	The project, as conditioned, complies with all Municipal Code requirements, policies of the General Plan and the Local Coastal Program. The project meets all required R-3 zoning standards.
2. The proposed development conforms with Public Resources Code Section	The project is exempt from further environmental review pursuant to California

I 01

Indemnification: To the maximum extent permitted by law, the Owner(s) shall waive any claims of liability against the City, and shall indemnify, hold harmless and defend the City of Encinitas, and its agents, officers and employees from and against any and all actions, claims, damages, liabilities and/or proceedings arising from: (i) the City's approval of any and all entitlements or permits relating to the project; (ii) any injury to or death of any person, or damage or injury of any kind to property which may arise from or be related to the direct or indirect operations of the Owner(s) or its contractors, subcontractors, agents, employees, or other persons acting on the Owner(s)'s behalf relating to the project; and (iii) the operation of the project.

The Owner(s) agree to execute an indemnity agreement provided by the City prior to **Building Permit issuance** and the Development Services Director, or designee, is hereby authorized to execute the same. The Owner(s) further agrees that such indemnification and hold harmless shall include all defense related fees and costs associated with the defense of the City by counsel approved by the City. This indemnification shall not terminate upon expiration of the conditions of approval or completion of the project but shall survive in perpetuity.

BUILDING CONDITION(S):

CONTACT THE DEVELOPMENT SERVICES DEPARTMENT REGARDING COMPLIANCE WITH THE FOLLOWING CONDITION(S):

BLDG 02

Single Family and Duplex: The applicant shall submit a complete set of construction plans to the Development Services Department for building permit plan check processing. The submittal shall include a Soils/Geotechnical Report, structural calculations, and State Energy compliance documentation (Title 24). Construction plans shall include a site plan, a foundation plan, floor and roof framing plans, floor plan(s), section details, exterior elevations, and materials specifications. Submitted plans must show compliance with the latest adopted editions of the California Building Code (The Uniform Building Code with California Amendments, the California Mechanical, Electrical and Plumbing Codes). These comments are preliminary only. A comprehensive plan check will be completed prior to permit issuance and additional technical code requirements may be identified and changes to the originally submitted plans may be required.
