OUR COMMUNITY FACES

**1 in 3 in SD**

are food insecure while...

**25% of food is wasted**

Wasting food...

- Emits greenhouse gases when in the landfill
- Wastes energy, water, and soil required to grow food

BE A PART OF THE  
**SOLUTION**

**PRODUCE GOOD** rescues your backyard fruit!

When you rescue food you are...

- Conserving resources
- Providing hunger relief
- Preventing waste
- Supporting climate action
- Strengthening the local food system

If you are unable to donate, please put food waste in your green cart.
