[NOTICE: Caution: External Email]

Sept 23, 2021

Hello,

My name is Cathy Staver and my husband Tom live at 345 Seeman Dr, Encinitas. We are unhappy with the current districting map. This is because our street which is in the middle of Encinitas, was redistricted several years ago so we have been made to vote in the Cardiff district, and absolutely no reason was given for this. We strongly feel our street, Princehouse Lane, which is another old street like ours, as well as Rosebay area, all belong in Old Encinitas. Also, we would like to have a valid explanation as to why we have been forced to vote in Cardiff.

One more thing, I would like to comment on City meetings being "virtual." This is not a cohesive way of reaching the public. Most of my neighbors and friends who live in Encinitas have been vaccinated, we can walk into almost every store and restaurant without a mask which is optional. For some reason, city staff feels it needs large plastic barriers erected, requires masks and continues to insist on virtual meetings. First of all, it is difficult to understand people behind barriers wearing masks and I would prefer to meet in person instead of the zoom method which makes me feel I am on another planet rather than just down the street from City Hall.

Thank you,

Cathy Staver

[NOTICE: Caution: External Email]

Chopping up "New Encinitas" obliterated the original intent in forming the city of Encinitas from five different communities with five different ethos and interests.

There is no councilmember whose focus is "New Encinitas", so it is denied representation while other areas are favored. "New Encinitas" is a community defined by working middle class families and ease of shopping, the major source of city revenues in taxes, not Leucadian bike created traffic jams, not Downtown cafes, not Olivenhain estates, not Cardiff enclaves.

Councilmembers deceive who say that they represent the small portions of their districts made up of "New Encinitas" scraps, when their focus is elsewhere..

A new district made up of "New Encinitas" must be formed. The coastal districts can be combined as they share common interests. "Entitleds" in Olivenhain and Cardiff can be combined.

Hi,

My husband and I have lived on Monterey Vista Way for almost 32 years. We are currently in the "Old Encinitas" district.

Over the years I've had great response from both Tony Kranz and Kelly Hinze whenever I've had concerns or comments about something in our community.

Whenever I've called into the city works department to report things I've heard back quickly. I even send in compliments when one is due, i.e., the blinking crosswalk light at Balour & Santa Fe! I use it daily when walking my dog.

Regarding redistricting, I want to say that I generally do align myself with "Old Encinitas."

I head down (west) Santa Fe to the coast regularly for walking, shopping & going out to lunch/dinner. I participate in the Old Encinitas activities regularly! I love our library & voted to keep it in the original location. We go often to the summer Cruise Nights, the Arts Alive banner display & auction, moonlight beach etc. We walk & ride our bikes on the rail trail & thru Old Encinitas.

I'm expressing this to you because my street, Monterey Vista Way, is in the middle of three districts, Cardiff, New Encinitas, Old Encinitas. We love Encinitas and don't plan to move anywhere else! We are in our 60s and enjoying retirement life. Of course, we do activities in other parts of Encinitas, but for the most part we spend our time in "Old Encinitas."

Thanks for all you do as members of the Encinitas City Council. My husband and I both appreciate all of you.
Sincerely,
Nancy Meisenhelder

Hello,

I recently became aware that my neighborhood, the Rancho Santa Fe Vista HOA, is part of District 1 and strongly recommend that it be moved into District 4.

It is rather bizarre that a small sliver of New Encinitas (the area just south of Olivenhain Rd. and bordered west & east by El Camino Real and Rancho Santa Fe Rd, respectively) is included in Leucadia's District 1 rather than included with the rest of Village Park and Olivenhain.

I believe the interests and concerns of my neighborhood are much more closely aligned with our adjacent, inland neighbors rather than the far-removed beach community of Leucadia.

Respectfully,
Elizabeth Travella

Hello,

I live in Rancho Santa Fe Vista and our neighborhood is currently part of District 1 which is focused on Leucadia. I believe we would be better served by being part of District 4 as, being directly off Rancho Santa Fe Road, we share issues and concerns with Olivenhain and Village Park. I do not think we are well served by being included with the beach neighborhood of Leucadia.

Thank you for your consideration on this topic.

Regards,
Eileen
