

Please discuss the existing conditions and review the proposed treatments. Please refer to the street toolbox for alternative treatments.

The image contains four sub-images labeled A, B, C, and D, each showing a different type of bicycle infrastructure:

- A. Multi-Use Path:** A wide, paved path with a light-colored surface, running alongside a road. Two people are walking a dog on the path.
- B. Buffered Bike Lane:** A paved road with a dedicated bicycle lane marked with a white bicycle symbol and a white arrow. A wide, unpaved shoulder (buffer) separates the bike lane from the main road.
- C. Standard Bike Lane:** A paved road with a dedicated bicycle lane marked with white text "BIKE LANE" and a white arrow. A white line separates the bike lane from the main road.
- D. Shared Lane:** A paved road with a shared lane marked with a white bicycle symbol. The lane is shared with motor vehicles.

Existing Conditions: Oblique Looking North
