# HISTORIC RESOURCES SUPPLEMENT

Application No.: \_\_\_\_\_

## (Consult Planning Staff for Assistance in Completing this Form)

- Check here if the project site includes any historic resource listed on the national, state, or local register. The project site contains resources considered to be historically or culturally significant.
- Check here if the project site is identified on the City's list of potentially landmark eligible properties. The project site contains resources considered to be historically or culturally significant.
- Check here if the project site contains a structure that is at least 50 years old. Attach form DPR 523, prepared by a qualified historical architecture consultant approved by the City. Planning staff will determine within 30 days whether the structure is a historical resource.
