

# FACT SHEET

## SAFETY AND MOBILITY ENHANCEMENTS

Multimodal improvements for Segment B and C of Streetscape from Basil St. to La Costa Ave.

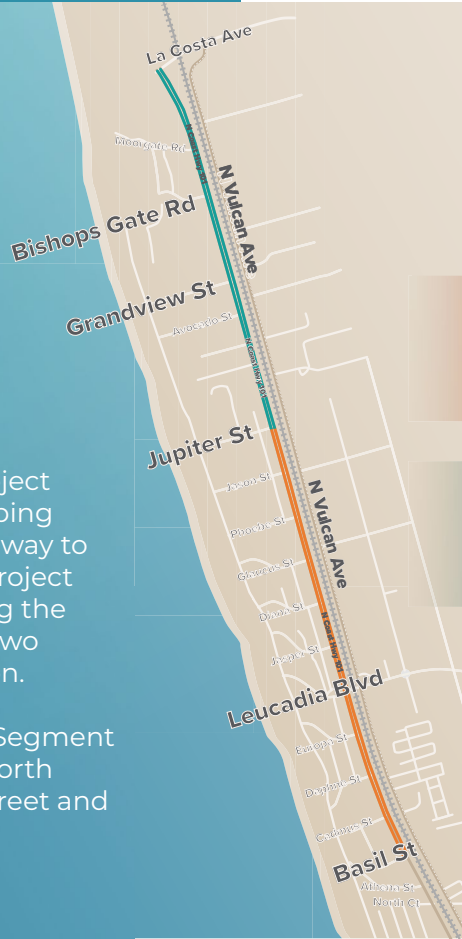

# Safety & Mobility Enhancements

SEGMENTS B & C: BASIL ST. TO LA COSTA AVE.

### PROJECT AREA

The Safety & Mobility Enhancements project will create dedicated bike lanes by restriping the existing lanes and reducing the highway to one vehicle lane in each direction. This project will also modify the medians surrounding the Leucadia Boulevard intersection where two vehicle lanes are needed in each direction.

The City has completed construction of Segment A North (Phase 1) improvements on North Coast Highway 101 between Marcheta Street and Basil Street.

## Segment B

FROM BASIL ST. TO JUPITER ST.

## Segment C

FROM JUPITER ST. TO LA COSTA AVE.

### PROJECT OVERVIEW

The Leucadia Streetscape Project includes a number of improvements aimed at preserving and revitalizing 2.5 miles of North Coast Highway 101 between A Street and La Costa Avenue. Project construction comes after over 15 years of work by City staff and the Leucadia community to create a plan that makes it easier and safer for community members to get to the beach, and enjoy the shops and restaurants on North Coast Highway 101, whether in a car, on a bike or on foot.

The vision of the Leucadia Streetscape project is to celebrate the City's arts and culture, history, charm and character through re-establishing the historic tree canopy, providing gathering spaces for our residents, improving accessibility and connectivity in Leucadia, include drought tolerant landscaping and creating better access for our businesses.

## LEUCADIA STREETSCAPE GOALS

Enhance safety and mobility in the rail corridor

Increase access to the coast

Add parking, landscaping and calming measures

Preserve and revitalize North Coast Highway 101

## PROJECT STATUS

The Safety and Mobility Enhancements project was approved by the Encinitas City Council in **June 2021**. Construction started in **July 2022** and is anticipated to be completed by **late 2022**.

To view the Leucadia Streetscape project history/timeline, click here. A list of Frequently Asked Questions is available here.

## PROJECT BUDGET

The Safety and Mobility Enhancements project has a total construction phase cost of \$1.7 million. Funding has been provided by the City's general fund and SANDAG TransNet funds, the region's half cent sales tax for local transportation projects.

This project will bring consistent striping and a contiguous separated bike lane throughout the entire length of the Leucadia Streetscape project corridor in a quick and cost-effective way.

## PUBLIC OUTREACH

There are a number of ways the community can stay informed about the project throughout construction:

**Phone:** 760.512.3800

**Website:** [www.encinitasca.gov/streetscape](http://www.encinitasca.gov/streetscape)

**Email:** [streetscape@encinitasca.gov](mailto:streetscape@encinitasca.gov)

**Signup:** To sign up for project alerts, email the project team at the address above.
