SB 35 SUPPLEMENT APPLICATION

SB 35 requires cities and counties to create a streamlined approval process for multi-family housing development projects that include a specified percentage of units affordable to lower income households [[Gov. Code § 65913.4](#)]. SB 35 only applies where cities or counties are not meeting their Regional Housing Needs Allocation (RHNA) for construction of affordable housing. Currently, Encinitas has made insufficient progress toward their Lower income RHNA (Very Low and Low income) and are therefore subject to the streamlined ministerial approval process for proposed developments with at least 50% affordability. Applicants intending to request SB 35 streamlining must fill out this supplemental application to demonstrate eligibility and file a preliminary planning application for a notice of intent to request streamlining [[Gov. Code § 65913.4\(b\)\(1\)](#)]. This is a voluntary program that a project applicant may elect to pursue if certain eligibility criteria are met. SB 35 eligible projects are exempt from discretionary and environmental review (CEQA) if the project is consistent with all objective general plan, zoning, and design standards.

The provisions of this program are in effect until January 1, 2026, unless extended by the State.
