Complimentary Landscape Workshop:

Plants: Inspiring Choices for Our Region

August 1 - 5:30 to 8:30 pm @ Encinitas Community Center

This session illustrates how a low-water-use landscape can be an upgrade, not a compromise. Our landscape expert will teach you about plants and why some are more water efficient than others. You'll be introduced to attractive, WaterSmart plant palettes and learn how to research and choose plants that fit your design theme.

Brought to you by San Diego County Water Authority, San Dieguito Water District, Olivenhain Municipal Water District, and Santa Fe Irrigation District, and the City of Encinitas.

SDWD releases Annual Water Quality Report

To promote transparency, the United States Environmental Protection Agency (U.S. EPA) and the California Division of Drinking Water (DDW) mandate all water agencies to produce an annual report educating customers about their drinking water quality. The San Dieguito Water District (SDWD) remains committed to providing you with a safe and reliable water supply. Based on water quality monitoring data collected in 2022, the District's tap water satisfies Primary Drinking Water Standards.
